SolarExchange.com

The Online Platform for the
Global Solar Community

Redefining Solar Purchasing & Selling

About SolarExchange.com

We are the leading global online market enabling B2B online auctions for purchasing direct materials and finished goods in the solar industry. With our expertise in the solar market, we have built an all-inclusive platform for solar buyers and sellers. SolarExchange.com is also constructing a global community that promotes an organized and sophisticated way of doing business.

Join Now!

A one-time registration allows you to take part in online auctions, quote requests, networking activities, and explore other services available from SolarExchange.com. You can also access the Solar Exchange Job Portal to explore new opportunities or source new solar talent.

How it Works:

**Register as
Buyer or Seller**

**Explore (B2B)
online auctions**

**Participate in
buying and
selling**

**Get Solar Market
benefits**

Your one-stop auction site!

At SolarExchange.com, we have redefined the way you procure and sell solar goods by enabling companies to collaborate with buyers and sellers, large and small, from anywhere in the world.
